

Jehan Karim, Global Director, Business Development

Jehan Karim joined Dejero in 2017 as a business development manager. In 2022, he was promoted to global director of business development overseeing the Federal Civil and Defense portfolio and telecommunications enterprise customers. Jehan brings over a decade of experience working in hardware design at AMD and later in industrial business management at Texas Instruments. He is excited about solving customer challenges and is considered a trusted Dejero advisor by various public safety agencies. Jehan holds a Bachelor of Science degree in Electrical and Computer Engineering from the University of Toronto, and a Case Completion, Leadership in Crisis certificate from Harvard Business School.
